

Nassir Mana Wabran Co. & Partners, is one of the pioneers and accredited companies in the Construction Contracting Industries in the Eastern Province of Saudi Arabia for more than 2 decades. The company was established in the year 1982 by Engr.Nassir Mana Wabran with highly professionally qualified, experienced and dedicated Electrical, Civil and Mechanical teams specialized in undertaking diversified contractual works in the field of Civil, Electrical and Mechanical throughout Kingdom especially in the Eastern Region. We maintain a wonderful reputation for our quality, safety, timely delivery and efficient management which is a critical factor attributable to our success in Construction Industry.

**“A dream is the bearer of a new possibility,
the enlarged horizon, the great hope.”**

Howard Thurman

Our Vision.

We envisage ourselves as a major General contractor in the field of construction with related engineering and procurement services in the years to come. Our aim is to expand our horizon by using our rich experience, commitment to quality and safety standards, maintenance of timely delivery schedule of goods and services by our competitive strength and familiarity with local working conditions, client-contractor relationship and strategic partnership.

Our Mission.

We are committed to build relationships with clients based on integrity, value and satisfaction. Our mission is to excel in the field persistently by taking on the challenges at hand with due diligence, honesty and an innovative approach to uncompromising transparency, fairness and team spirit

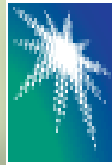

Our Capabilites.

- Equipped with own fleet of Heavy Equipments and Tools to handle Overhead and Underground Transmission Lines works.

- Full range of **machinery and infrastructure** as required for executing any Overhead and Underground Electrical Construction jobs.
- A dedicated group of **highly professionally and experienced** Construction Managers, Engineers, technical and non-technical staff for various areas of operations.
- Enriched with financial capabilities with heritage of experience to handle and operates as many as ten sites simultaneously with a capability of mobilizing enough number of **skilled / semi-skilled / unskilled work force** at a short notice.
- Expertise in executing challenging and critical **Communication Project Works** with tight delivery schedules.
- A **QHSE, (Quality, Health Safety and Environment) and Project management** groups with ever-enriched exposure to handle Contracts to Project execution. The group is suitably equipped with latest software for project management and data base management systems to manage the projects.

PROJECTS

Saudi Electricity Projects:-

A. Transmission Line Works

- **Replacement of 230KV Overhead Transmission Line at King Saud Street Intersection, Dammam – Contract No. 33005/05.**
- **Replacement of 230KV Transmission Lines Insulators with new Polymer Composite Type Insulators – Contract No. 33003/05.**
- **Replacement of Insulators in JIC and Juaymah – Contract No. 33006/04.**
- **Replacement of Ceramic Insulators with Silicon Rubber for Dhahran Central Aziziah and Thuqba Aziziyah 230KV Lines – Contract No. 33005/03.**
- **Relocation of Portions of Existing 115KV Transmission Lines at Hafar Al-Batin – Contract No. 81615/00.**
- **Construction of 115KV Transmission Line from Mahaseen BSP to SANG Sub-station – Contract No. 7005/1418.**
- **Construction of 69KV Transmission Line from Dhahran 230/69KV Sub-Station to KAAB 69/13.8KV Sub-station – Contract No. 1930802.**
- **Abu-Ganiman 115/13.8KV Sub-station and Associated loop-in-and-out of existing 115KV Mahaseen 230KV Sub-station – AL-Hameediyah 115/13.8KV Transmission Line.**

B . Power Distribution Network Line Works:

- ❖ Maintenance of Distribution Networks Medium Voltage up to 33 KV and Low Voltage, Najraran – Contract No. 40742059/00.
- ❖ The Unified Contract for Overhead and Underground Distribution Networks upto 36KV in Al-Baha Area – Contract No. 40741098/00.
- ❖ Washing Powerline Insulator – Contract No. 30532140/00.
- ❖ Maintenance of Telecommunication Equipment and Teleprotection Signalling Equipment at Qassim Area – Contract No. 10532145/00
- ❖ Construction, Maintenance, Expansion and Reinforcement of HV and LV Overhead Distribution Networks up to 35 KV at Arrar, Dammam and Jizan – Contract No. 30541028/00, 30541011/00, 40542003/00.
- ❖ Construction. Maintenance, Expansion and Reinforcement of HV & LV Underground Distribution Networks up to 35 KV at Jizan, Al-Baha and Tihama – Contract No. 40542014/00.
- ❖ Maintenance of Distribution Medium up to 33 KV and Low Voltage – Contract No. 40442058/00.
- ❖ Installation of Distribution Network Overhead and Underground LV 13.8 to 33KV at Jizan, Al-Baha and Tihama – Contract No. 40341134/00.
- ❖ Construction and Maintenance of Underground and Overhead distribution System in Dammam Operating Area () DOA) – Contract No. 86374/00.

- ❖ Expansion and Reinforcement of the Distribution System at Hafar Al-Batin (NOA) – Contract No. 84193/00.
- ❖ Expansion, Reinforcement Maintenance of electrical Network and Provide Power supply to the Customer in the Fourth Operating Area – Contract No. 84197/00.
- ❖ Construction and Maintenance of Underground and Overhead Distribution System in Dammam Operating Area (DOA) – Contract No. 86355/00.
- ❖ Expansion and Reinforcement of the Distribution System in Northern Operating Area, Nariyah – Contract No. 84167/00.
- ❖ System Expansion and Reinforcement Work for underground and Overhead Services in Hafar Al-Batin – Contract No. 84152/00

- ❖ Construction and Maintenance of Underground and Overhead Distribution System in Dammam Operating Area – Contract No. 86281/00, 86300/00, 86316/00.
- ❖ Construction and Maintenance of Underground and Overhead Distribution System in Dammam Operating Area – Contract No. 86325/00
- ❖ Construction of Pre-Engineered Buildings and Sweet Water Systems at Sect-Dammam – Contract No. 82187/00.
- ❖ Construction of Structural Pads, Access and Approach Roads – Contract No. 81842/00.

- ❖ Construction of De-Mineralized Water Tan at BSP, Khobar – Contract No. 83358/00.
- ❖ Supply and Installation of Car lifter – Contract No. 83231/00.
- ❖ Construction of Part of Existing Mosque and Construcion of Mosque – Contract No. 82034/00.
- ❖ Salwa Power Plant Operating Center and Camp – Contract No. 81419/00.
- ❖ Construction of Water Tower at SCECO Central Yard – Contract No. 81419/00.
- ❖ Fuel Conversion and Diesel Fuel Unlading Facility at Qaisukah Power Plant – Contract No. 82462/00.
- ❖ Construction of 13.8KV Distribution System, Jubail – Contract No.84077/00.
- ❖ Maintenance of Right of Way Roads, Dammam, Power Plant, Dhahran – Contract No.81339/00.
- ❖ Erection of Distribution Sub-Station Work – Contract No. 86271/00.
- ❖ Removal of Sand Debris from Substation and Access Road in Al-Hasa Operation Area – 81773/00
- ❖ Madina, Abqaiq Home Owners Distribution System – Jubail – Contract No.80702/00.
- ❖ Electrification of Al-Ufairia and Al-Qawarnma Villages in Makkah Area – Contract No. 20541104/00.
- ❖ Supply and installation and Commissioning of Fuel Pipe Line at Jazan Power Plant – Contract No. 40622/00.

B. **SAUDI ARAMCO PROJECTS:-**

أرامكو السعودية
Saudi Aramco

- ❖ Construction of Overhead Power Line for Sabkah 83 at Shybah Field – Contract No. 6510393577.
- ❖ Construction of Cathodic Protection and Overhead Power Line for Sabkah 24 & 40 at Shybah Field – Contract No. 6510365188.

- ❖ Construction of Cathodic Protection and Overhead Power Line for SDGM-704 at Shedgaum- Contract No. 6510389115.
- ❖ Construction of Overhead Power Line for NYYM -38 & 41 at Nayyim- Contract No. 6510378965.
- ❖ Cathodic Protection and Overhead Power Line Installation at UTMN-1849, 1834, 1681, and SDGM-467 Wells – Contract No. 6510334168.
- ❖ Cathodic Protection and Overhead Power Line Installation at SDGM 561, 562 & ABQ 530 Oil Wells – Contract No. 6510320491.
- ❖ Installation of Testing and Monitoring Facilities at Riyadh Refinery for Cathodic Protection – Contract No. 6600011139.

- ❖ Install ESD Modification, Uthmaniyah Gas Plant Sulphur Train #3 – Contract No. 6600011139.
- ❖ OSP Construction at Pump Stations # 2 and 3- Contract No. 6600007908.
- ❖ Cathodic Protection Services, Southern Area – Contract No. 6400052123.
- ❖ Install ESD Modification, Uthmaniyah Gas Plant Sulphur Train # 2 – Contract No. 6510018611.
- ❖ Replacement of CP Depleted Anode Beds at Various Locations – Contract No. 400611/005.

- ❖ Cathodic Protection and Solar Power System Works at Midyan 1,2 & 3 Well Site – Contract No. 400606/026.
- ❖ South Administration Building Underground Utilities, Dhahran – Contract No. 45052/00.
- ❖ Power Supply for Material Supply, Building, New Switchgear – Contract No. 37583/00.
- ❖ Standby Didesel Generator at Mazaliz and Abu Jifan- Contract No. 37756/00.
- ❖ Cathodic Protection System Eastern Distribution Plants – Contract No. 45917/00.
- ❖ Cathodic Protection System – Central Distribution - Contract No. 45818/00.
- ❖ Central Distribution Refuelers and Shelters and Various Upgrades- Contract No. 45671/00.
- ❖ Re-Routing of Undergournd Oil at Desalination Control room at Jeddah Refinery – Contract No. 72298/00.
- ❖ Security Fencing and Lightning at Dhahran Tank Farm – Contract No. 40183/00.
- ❖ Construct I & M Building at Pump Station Nos. 3 & 6 East West Pipelines – Contract No. 37786/00.
- ❖ HF Receiver Site Fence Replacement at Dhahran Beach – Contract No. 90029/00.

- ❖ Upgrade Sewage System Pump Station at 6 East West Pipelines – Contract No. 40076/00.
- ❖ Upgrade Sewage System Pump Station # 3 East West Pipelines – Contract No. 40013/00.
- ❖ Upgrade Perimeter Fencing AND Lightning at Uthmaniyah Store yard – Contract No. 400550/018.
- ❖ Communication OSP Cable Facilities Installation – Contract No. 42016/00.
